

**REMARKS**

Applicants respectfully request the Examiner to enter the above amendment and to reconsider the rejection in view of the following remarks and amendment. Applicants respectfully submit that the amendment complies with 37 C.F.R. §1.116 as the amendment places the claims in better form for appeal.

**Status of Claims**

Claims 1 to 7 will be pending after entry of the present amendment. Claim 1 is being amended. Claims 1 to 7 have been rejected under 35 U.S.C. §112.

**Amendment**

Claim 1 is being amended to change formula I in currently pending claim 1 to the formula present in original claim 1.

No new matter is added by the amendments to the claims.

**Response to Rejection Under Section 112**

Claims 1 and 4 to 7 have been rejected under 35 U.S.C. §112, first paragraph as failing to comply with the written description requirement. Particularly, the Office Action has noted that there is now a “cyclohexa” ring in formula I, that is found nowhere in the specification. Applicants apologize for this typographical error and have reinserted into claim 1 the formula that is shown in original claim 1. Applicants thank the Examiner for bringing this error to Applicants’ attention.

Claims 2 and 3 have been rejected under Section 112, second paragraph for lacking antecedent basis. Applicants respectfully submit that the amendment to claim 1 corrects this problem so that there is now antecedent basis for the “cyclohepta” nomenclature.

Applicants respectfully submit that the claims, as amended, fully comply with the requirements of Section 112. Accordingly, Applicants respectfully request that the rejections under Section 112 be withdrawn.
